Rawabi Oil & Gas (ROG), a fully owned subsidiary of Rawabi Holding Company, was founded in 1980 with the vision of transferring the international oil and gas know-how to the Kingdom of Saudi Arabia.

Today, ROG is an active partner for a vast portfolio of prominent and internationally recognized manufacturers; as well as a full-fledged joint-venture with oil and gas service companies which are well recognized in the oilfield industry. ROG has a proven record of supplying upstream and downstream chemicals, mechanical and electrical products, test, measurement and control instruments, as well as a diverse portfolio of production, transportation and process equipment and materials.

As a contractor, ROG has established joint ventures with world renowned service providers, for carrying out activities and full operations in:

- Mud Engineering Services
- Running Tubular and Casing Services
- Mud Logging Services
- Coring Services
- Wellbore Cleaning Services
- Water Treatment and Well Testing Services
- Submarine Cable Supply
- Drilling Equipment and Tools Rentals
- Drilling Monitoring and Optimization Instrumentation
- Gas Detection Services and Risk Management Services
